D10.1_MINI CANYON

Mini-Canyon is a tiny hidden gorge on the north of the main wall of Sabaton. It is a narrow canyon with 2 walls facing each other. It offers various rock formations. This escape offers cool conditions during hot days and just for the ambiance worth the 5 minute walk. Mostly equipped by Christophe Botfield, Yves & Claude Remy, Boris Grobéty, Giannis & Jakob Metaxotos. For your own safety stay away from the rocks close to the main road.

Approach:

Same parking as Sabaton.

Walk up to the main wall of Sabaton. After 3 minutes cross right below the big bloc of "Rise of Evil" and go down right for another 2 minutes.
